ALL WEBINARS ARE 11:00 AM – 12:00 PM PST.

Our "Insurance Strategies and Compliance" webinar series is designed for all providers that bill commercial and government insurance carriers. We teach you how to effectively and efficiently deal with insurance companies to ensure maximum payment. You will learn how to fix the most common issues providers deal with daily. Learn how to save time and money and to STOP losing money that is rightfully owed to you!!

If you have had to deal with rejected claims, mistakes that have delayed the processing and payment of claims, or even patients being told that you are submitting things incorrectly; you are not alone!

WEBINAR TOPICS

Thursday, 4/30/2020 Compliance in Health Care (KM) Practices that establish compliance systems are more successful than practices that do not. Compliant practices can hire a new employee and have them trained quickly and efficiently. We teach you the top 10 things that cause issues with compliance in health care offices and how to correct them. You will learn HIPAA's seven suggested compliance elements and how to develop your own Red Flag System.

Tuesday, 5/5/2020 Successful Patient Collections (JM) To maintain a business, your office must master collections, compliance, and growth. If you have money sitting in your account receivables, you are not alone. Most providers have tens of thousands of dollars in unpaid claims and bills. Patients who pay at the time of treatment will never become a collection problem. Redesigning your system of collections can redesign your business.

Thursday, 5/7/2020 Appealing Denied, Rejected, and Reduced Claims (CM) Every delayed and denied claim costs your business revenue regardless of whether it is a short or long-term delay. Insurance companies change policies on a regular basis to control cost, audit for fraud, and assure adherence to policy. Learn how efficiently and effectively appeal claims that have been denied, rejected, and reduced!!

Tuesday, 5/12/2020 Controlling Your Fee Schedule (LM) Negotiating contracts and fee schedules is something most providers don't feel equipped to do. The result is a business controlled by bad insurance contracts and fee schedules that don't pay you what you're worth. Sometimes, they do not even cover the cost of performing the service! Learn how to negotiate those contracts and fee schedules that don't work for you anymore!!

Thursday, 5/28/2020 Coordination of Benefits (IM) Coordination of benefits (COB) between dual insurances has always been complicated. There are numerous provisions, plans, and methods of calculation that make these issues difficult to resolve. Determining the primary versus the secondary carrier, what contractual write-off applies, and what rules apply when a provider is in-network with one plan and not the other are some of the basic questions regarding COB.
